

SRE-2010 Seating Selections

Standard Seat with Adjustable Arms

Personalized comfort is one of the hallmarks of the Electra-Ride Elite. With armrests that can be adjusted for width requirements, the SRE-2010 standard seat is accommodating and secure. The seat height and footrest height are independently adjustable, assuring a personal fit for unparalleled ease and stability.

Seat Pad Size:
17.5" (445 mm) wide x 15" (381 mm) deep

Larger Seat Option

Measuring 23" (584 mm) in width between the armrests, the large seat option also features additional seat depth for added comfort and complete support.

Seat Pad Size:
21.5" (546 mm) wide x 16" (406 mm) deep

Larger Footrest Option

If an occupant is taller than average or has difficulty bending their knees, the additional 2" (51 mm) in length and width can make all the difference in the world.

Standard footrest size
10" (254 mm) long x
9" (229 mm) wide

Larger footrest size
12" (305 mm) long x
11" (279 mm) wide

(Footrest Lever Not Included)

SRE-2010 Options

Power Swivel Seat

For a confident and easy exit at the top landing, the Elite offers an optional power swivel action. Controlled by the up/down rocker switch or by the call/send transmitters, the seat can turn up to 90° with a steady, fluid movement. The rider exits with a minimum of effort and improved stability.

Power Swivel Seat will increase the seat height. Please refer to SRE-2010 typical drawings for details.

Up/Down Rocker Switch Controls Swivel Seat

(Not available with the Larger Seat Option)

Power Folding Footrest

For added convenience in folding the footrest, this option will be greatly appreciated. Now, the footrest can automatically flip up when the seat is raised, and flip down when the seat is lowered. It's simple, efficient and a great help for individuals with back problems or other mobility challenges.

Manual or Power Folding Rails

If you have a narrow hallway or doorway at the bottom of your stairs, the optional Folding Rail is the ideal solution. The folding rail can be ordered for feather-light manual operation or push button automatic power operation. A third charging station allows you to charge the unit when the rail is folded.
